## DANCE

**100**

**Twinkle Toes!** This is a beautiful class for boys and girls who have expressed an interest in Ballet. Whilst the class is structured and disciplined, it is not strict as we feel it is more important to foster a *love* of Ballet at this age rather than a *fear*. This class is ideal for children who can focus and listen to direction and is based on the RAD method. Ballet principles form the basis of a sound training by teaching co-ordination, poise, confidence, rhythmical sense & musicality whilst ensuring that the process is still fun! The syllabus is carefully structured and designed to build progressively from younger dancers to the senior levels.

**101**

**Let's Dance!** This is the perfect class for budding little performers who dance around the house and are ready for some structured tuition. The class combines Ballet, Jazz and Hip-Hop and is a great way to improve co-ordination, confidence, rhythmical sense & musicality. Students learn to listen and recall steps, basic routines and dance positions. The class follows a set structure and allows for group interaction and socialisation skills to develop. Our experienced teachers ensure that a love of dance is fostered at an early age and preschoolers just can't get enough of this class.

## DRAMA

**102**

**When I Grow Up!** This class is designed for active, imaginative students who love to be challenged and explore new ideas through drama and storytelling. Children are limited only by their imaginations, which at this age are exhaustive! Each class is themed and encourages vocab extension, creativity and exploration of new concepts. The class follows a set structure which encourages listening and call and response skills. Activities include guided improvisation, story telling, expressive language, diction, performance poetry and a weekly focus activity. Supporting the preschool syllabus, our experienced and qualified teachers ensure that a good time is had by all.

## TRIPLE THREAT

**104**

**Move & Groove!** This class is a great all-round Performing Arts experience, specifically designed to encourage vocal development, cognitive and literacy skills, creativity, expression and individuality. Children participate in rhythm and routine building, singing, storytelling, drama improvisations, performance poetry, dance warm-ups and co-ordination games. We support and explore the pre-school syllabus by reinforcing colours, numbers, opposites, rhyming words and days of the week in song and dance format. Ideal for energetic and imaginative three and four year olds who love to express themselves.
